Votes for the Best New Product have been tallied

Sarasota (March 1, 2010) – Wonderful World of Water has won the title of Best New Product with the Oxymatic disinfection system. They boast that the Oxymatic and its ABOT (Advanced Bipolar Oxidation Technology) leaves your pool 100 percent free of chlorine and silky smooth. This is achieved using hydrolysis to kill the bacteria. Wonderful World of Water can be found online at www.wegotwater.net.

Close behind in second place was Marathon Electric. Their pump motors can be seen at www.pumpmotors.com. Third place was a tie between Solar Showers and Splash Lights, www.oursplashlights.com.

The 2010 Orlando Pool & Spa Show, held February 19-20, 2010, featured a New Product Showcase which allowed attendees to easily browse new items at the show and also vote for the Best New Product. Nearly 30 products were displayed and the votes were close in deciding the winner.

The Orlando Pool & Spa Show is produced by the FSPA. The Florida Swimming Pool Association is a trade association for the pool and spa industry in Florida. There are approximately 550 member businesses in 16 Chapters across the state. Members are required to abide by a code of ethics and to be properly licensed and insured. FSPA provides the industry with access to continuing education courses, information on current trends and issues, an arbitration program and government relations representation. FSPA is governed by a Board of Directors.
